Final version	Modern2020 - D6.2 Modern2020 public website	Andra	15/12/2015

## Modern2020 website

A dedicated Modern2020 website [www.modern2020.eu](http://www.modern2020.eu) has been set up and provides initial information on the project (presentation, scope, partners, work packages, etc.) for a wide audience. The website is regularly updated with on-going activities, public reports, publications, etc. Events (workshops, conferences) will also be publicised on the website.

The overall objective of the Modern2020 Project is to provide the means for developing and implementing an effective and efficient repository operational monitoring programme, that will be driven by safety case needs, and that will take into account the requirements of specific national contexts (including inventory, host rocks, repository concepts and regulations, all of which differ between Member States) and public stakeholder expectations (particularly those of local public stakeholders at (potential) disposal sites).

4 DÉC. 2015  
**News - WP2 workshop on Monitoring strategies**  
A Work Package 2 (WP2) workshop was held on 1-2 December 2015 in Stockholm, Sweden.

Modern2020 website

The Modern2020 website is structured as following:

- Homepage (Introduction, news and coming events, latest documents, logos...)
- About Us
  - About Modern2020
  - Project activities overview
  - Partners
- Activities
  - WP2 Strategy
  - WP3 R&D
  - WP4 Demonstration
  - WP5 Local citizen engagement
- News & events
- Publications
  - Modern2020 Deliverables
  - Modern2020 publications
  - Modern2020 presentations
  - Other documents of interests
- Contact
- Useful links

The Modern2020 website is designed to be informative with clear language to ensure wide communication with all categories of stakeholders and wide audience.

Website hits, page views and deliverables/documents' downloads will be monitored in order to measure the impact of the website.
